IMPORTANT

I will design & code your site at competitive rates. Keep in mind that most website projects cost thousands of dollars. The **SECURITY DEPOSIT will be returned** unless project is cancelled. Note that pricing is subject to change and *DOES NOT* include the cost of a monthly/annual domain subscription or the **5% administrative/processing fees** charged per invoice. Also note that each unplanned add-on (not defined in project scope) will be charged at the default hourly rate. Prices are **NEGOTIABLE** (ask about the exclusive nonprofit discount!) - schedule a free consultation today to get the price you deserve!

*SLOC: Source Line Of Code (does NOT include blank lines)
